

CMPT 276 - AI Disclosure Form - Summer 2025

Why this survey? This disclosure form aims to *help us understand and reduce any potential risks* related to the use of AI tools in this course.

Please complete the survey **by yourself** and be **truthful**. *Using AI tools will not negatively affect your marks for the assignment/lab/etc.*

What do we mean by AI tools in this survey?

AI content generators refer to any tools that create any type of content, including (but not limited to):

- ChatGPT and all other large-scale language models;
- Stable Diffusion and other AI-based Image Generators;
- Code extensions for IDEs;
- Other tools that are capable of generating text, image, codes, or any other content for the course work. BUT, Grammarly and other grammar checkers are NOT included.

For more information on our policy, please refer to: <https://parsa-rajabi.github.io/CMPT-276/#/ai-policy>

1. First Name (as appears on Canvas) * 

Toma

2. Last Name (as appears on Canvas) * 

Ozarchevici

3. Student ID * 

301637566

4. Which assignment/lab/project submission is this AI use disclosure for? * 

Project submissions are included as "MX" aka Milestone X, where X is the milestone number

M2-Code

5. How do you feel about using AI content generators in relation to your personal standards of academic integrity for this submission? * 

	Completely Acceptable	Somewhat Acceptable	Neutral	Somewhat Unacceptable	Completely Unacceptable
In my personal standard of academic integrity, using AI content generators for this submission is...	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

6. Please explain your rating above regarding academic integrity of AI use for this submission.
Why? (Write in 2-3 sentences) * 

I think that a lot of students in this class, especially those just starting out in their CS careers, are not all too familiar building full stack applications, and a lot can go wrong ranging from coding problems to integrating their code with their team members' code. Using AI correctly is a great learning resource and can help you improve your project and have a better end result.

7. Did you use AI tools for this submission? * 

☒ Yes

☐ No

8. For this submission, how would you rate the relative contribution made by your versus AI? * 

	Mostly by myself, some contribution by AI	Evenly split between myself and AI	Mostly by AI, some contribution by myself	Entirely by AI, no contribution from myself
This submission is...	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

9. How did using AI content generators impact **your learning** for this submission? * 

Greatly benefited my learning	Somewhat benefited my learning	Had no impact on my learning	Somewhat hindere d my learning	Greatly hindered my learning
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Using AI
content
generators for
this
submission...

10. Please explain your rating above about AI's impact on your learning for this submission. (Write in 2-3 sentences) * 

I found AI to be extremely helpful for helping me figure out how to make the CSS styling look good, since I was not too familiar with it. Using AI was also an invaluable learning resource for finding out what I did wrong in my code and logic, and learning about new ways to solve problems and getting more familiar with typescript

11. List the name all the AI tools that you used for this submission * 

ChatGPT

12. How confident were you in AI's responses that you received? * 

- ☒ Confident
- ☐ Somewhat confident
- ☐ Neutral
- ☐ Somewhat not confident
- ☐ Not confident

13. How did you ensure the answer you received from the AI tool was correct? * 

I would use ChatGPT with web search on, and double check the reference websites to make sure it was factual. I would also walk through any changes proposed by AI and only implement them once I understood them myself.

14. Did you at any point abandon using AI tools and seek other resources? Explain your answer. (optional) 

What made you abandon using the AI tool? Were you more successful using other resources? Input N/A if you have not used any

For completely unfamiliar tasks, such as implementing the SQL database, I preferred watching a youtube tutorial and troubleshooting on stack overflow. Since this was a completely new concept to me, there was no way I could understand AI suggestions and so I wanted to learn SQL from scratch

15. For each of the following items, how would you rate the relative contribution made by you versus AI? * 

	Entirely by myself, no contribution from AI	Mostly by myself, some contribution by AI	Evenly split between myself and AI	Mostly by AI, some contribution by myself	Entirely by AI, no contribution from myself	Not applicable
Writing - Proofreading: To revise written work for grammar, typos, style, and other related items	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
Writing - Text Completion: To complete sentences, paragraphs or even entire documents	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
Writing - Text Ideation: To generate new ideas, concepts; and examples for writing submissions	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
Text analysis: To make sense of text and generate insight as to what it means	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
Summary: To quickly understand large amount of text by extracting important information	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
Q&A + Research: To get answers from questions and find relevant information	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>

Illustration/S

ketching: To create visual representations of concepts and ideas such as diagrams, charts, illustrations

☐ ☐ ☐ ☐ ☐ ☒
Coding -

Write: To generate code by AI for software implementation

☐ ☒ ☐ ☐ ☐ ☐
Coding -

Test: To generate code tests by AI for software implementation

☐ ☒ ☐ ☐ ☐ ☐
Coding -

debug: To identify issues with existing code for software implementation

☐ ☐ ☒ ☐ ☐ ☐
Coding -

explanation: To understand what a code snippet does for software implementation

☐ ☐ ☒ ☐ ☐ ☐

Other: to help any other aspects of the submission not listed above

☐ ☐ ☐ ☐ ☐ ☒

16. Please explain your ratings above, especially if you have AI tools for "other" types of work. *

For Coding - Write, I mostly used AI to generate boiler plate code and get the tedious parts of setting up out of the way. For testing, I used AI for debugging my tests and making sure they are comprehensive, and coming up with ideas for new tests, but the tests were still mostly written by hand and double checked by me. For debugging, AI has been a very helpful in finding errors. I would resort to stack overflow when AI would not be able to fix the issue, or when I would be completely unfamiliar with a concept and unable to fact check AI. For coding - explanation, AI was useful for explaining how use libraries or how online solutions would work in my codebase.

17. Please provide use this space to provide any other information that you'd like to disclose (optional)
